Reasonable Suspicion Class

Who should sign up? Human Resources, Safety Directors, Managers and Supervisors
COST: \$149 per person

It's a sinking feeling, that suspicion that one of your drivers may be under the influence of drugs and/or alcohol while on the job. All too often, such suspicions go unanswered because managers either don't know how or have the power to enforce a reasonable suspicion drug test. This important session will give you the tools you need to protect your business from the myriad of liabilities that occur if a driver is under the influence at work. Understand how to enforce your rights as dictated by federal DOT regulations as well as how to protect those of the driver. Plus, gain practical insight into the processes of DOT mandated drug testing as well as the many legal implications.

Presented by Mabelle Pearson of Trust In Us, Workplace Drug and Alcohol Testing.

Which requirement does this fall under? §382.603
Each employer shall ensure that all persons designated to supervise drivers receive at least 60 mins of training on alcohol misuse and at least 60 mins of a controlled substance.
